- special editions of ATM International are published for military exhibitions such as IDET, IDEB, Eurosatory and others.

SIZES OF ADVERTISEMENTS

TECHNICAL SPECIFICATIONS

Documents delivered by advertiser

The text of the advertisement is required to be in the format of Microsoft Office Word (doc/docx) and proofread. The logo is required to be enclosed in a separate file in the EPS and AI vector formats. Similarly, pictures are required to be submitted in the EPS, TIFF, JPG, RAW, PSD formats, or as picture files for scanning. Unacceptable are the picture data from the Internet or any other data with decreased quality of raster content! The name of the file should not contain any diacritical marks or any other special signs.

Ready-made advertisements

The format for electronic data is PostScript (ps) or printed PDF (press optimized) to be of the exact size as ordered by you. You can submit the advertisement in the EPS or AI format, however, it must have a resolution of 300 dpi and the letters must be converted into vector curves! For control purposes, we require that a print from a colour printer be submitted to us as evidence. The PDF data files must be created by the Adobe Acrobat Distiller software, while the profile for the creation of a PDF document should be properly set with standards corresponding to the professional print quality. We kindly ask you to deliver your advertisement to our publishing house stored on a CD or DVD. You can also forward it via email (up to 10 MB). The name of the file should not contain any diacritical marks or any other special signs.

Unacceptable are:

- the data containing the RGB colour scale,
- the direct colours (if CMYK only is to be printed),
- the data of a lower resolution than 300 dpi.
